Highway Premium Air Disc Pads

Marathon has expanded its DiscStar product line to address the continued growth of disc brakes in the heavy-duty market. Disc Star Highway Premium (DSHP) is a high performance commercial vehicle disc pad designed specifically for air disc brakes. DiscStar Highway Premium pads were created for on-highway truck, tractor steer and drive axles, and motor coaches. This premium low-metallic material is rated for 23,000 lbs. and provides long pad life, quiet stopping and high shear resistance.

In addition, DiscStar Highway Premium features exceptional rotor compatibility and low rotor wear, showing up to 33% less brake rotor wear than the leading OEM linings. By using a proven, reliable attachment method, DiscStar disc pads ensure a high mechanical bond between the friction material and the steel backing plate. As a result, you can rely on DiscStar to provide dependable stopping power, a long pad and rotor life, and significant noise reduction.

Highway Premium Delivers

- Ideal for on-highway commercial applications, including truck and motor coach
- Dependable stopping power
- Longer pad and rotor life
- Significant noise reduction
- High shear resistance
- Rapid heat dissipation

MBS # DSHP1369

FMSI # 8479 D1369

Knorr Bremse Model SK-7,
(ADB22X)

Application: Bendix # 802078
Hendrickson Trailer Axle

MBS # DSHP1203

FMSI # 8323 D1203

Knorr Bremse Model SB-7, SN-7

Application: Nova Bus, Prevost,
Bendix # 5013257, Knorr # OR760

MBS # DSHP1311

FMSI # 8426 D1311

Meritor EX225 H-2

Application: Orion, NABI, ELSA H-2,
Meritor #s 2252H2CD, MA761GG
11.250" (285mm) wheel
